CERTIFICATION OF CPNI FILING DATED AUGUST 27, 2007

EB Docket No. 06-36 and EB-06-TC-060

On behalf of Connect Paging, Inc., d/b/a Get A Phone, ("Get A Phone") and in accordance with Section 64.2009 (e) of the Commission's Rules, I, Byron Young, President of Get A Phone, hereby certify that I have first hand and personal knowledge that Get A Phone has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules in Section 64.2001 et. seq.

Further, I hereby certify that the attached statement explaining how Get A Phone's operating procedures ensure compliance with Section 64.2001 et. seq, is true and correct, and I have relied on the attached statement in making this certification.

Dated this 27th day of August, 2007.

FCC - MAILROOM

Statement Concerning the Protection of Customer Proprietary Network
Information for the Annual Period ending December 31, 2005

1. Connect Paging, Inc., d/b/a Get A Phone ("Get A Phone") is a telecommunications carrier subject to the requirements set forth in Section 64.2009 of the Commission's rules.
2. Without customer approval, Get A Phone does not use, disclose or permit access to customer proprietary network information ("CPNI") to provide or market service offerings within a category of service to which the customer does not already subscribe, except as permitted by the FCC rules.
3. Information protected by Get A Phone includes information that relates to the quantity, technical configuration, type, destination, location and amount of use of a telecommunications service subscribed to by a customer and made available to Get A Phone by the customer solely by virtue of the carrier-customer relationship. Also protected is information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer.
4. Get A Phone does not use, disclose or permit access to CPNI to identify or track customers that call competing service providers.
5. Get A Phone has established a system by which they can determine whether a customer has approved or disapproved of Get A Phone's release or use of CPNI prior to that information being used or released.
6. Get A Phone personnel are trained as to when they are and are not authorized to release or use CPNI, and violation of these rules will subject personnel to express disciplinary action.
7. If and when customer approval to use, disclose, or permit access to customer CPNI is desired, Get A Phone obtains such customer approval through written or oral methods (however, we only utilize the oral authorization to obtain limited, one-time use of CPNI for inbound and outbound customer telephone contacts, and such CPNI authority, if granted, lasts only for the duration of that specific call). Get A Phone honors a customer's approval or disapproval until the customer revokes or limits such approval or disapproval.
8. Get A Phone has established a procedure whereby all sales personnel must obtain supervisory approval of any proposed outbound marketing request for customer approval of the use of CPNI and records reflecting carrier compliance with the Commission Rules are maintained for a minimum of one year.

9. Prior to any solicitation for customer approval, Get A Phone provides notification to customers of their right to restrict use of, or disclosure of, and access to the customer's CPNI. Records of these notifications are maintained for a period of at least one year.
10. Get A Phone's notifications provide information sufficient to enable our customers to make informed decisions as to whether to permit the use or disclosure of, or access to, their CPNI. Get A Phone's notifications do: (1) contain a statement that the customer has a right, and Get A Phone has a duty under federal law, to protect the confidentiality of CPNI; (2) specify the types of information that constitute CPNI and the specific entities that will receive the CPNI; (3) describe the purposes for which the CPNI may be used; and (4) inform the customer of the right to disapprove those uses and deny or withdraw access to or use of CPNI at any time.
11. Get A Phone's notifications inform the customer that any approval or denial of approval for the use of CPNI outside of the service to which the customer already subscribes is valid until the customer affirmatively revokes or limits such approval or denial.
12. Get A Phone advises its customers of the precise steps the customer must take in order to grant or deny access to CPNI, and that denial of approval will not affect the provision of any services to which the customer subscribes.
13. Get A Phone maintains a record of its sales and marketing campaigns that use customers' CPNI. Further, a record of all instances where CPNI was disclosed or provided to third parties or where third parties were allowed access to CPNI is maintained by Get A Phone. These records reflect a description of the campaigns, the specific CPNI used in the campaign and what products or services were offered as part of the campaign. These records are retained for a minimum of one year.
14. For "opt out" approvals Get A Phone waits at least 30 days after giving customers notice and an opportunity to opt-out before assuming customer approval to use, disclose, or permit access to CPNI. Customers are notified of the applicable waiting period in the "opt-out" notice that is sent. For electronic notifications, Get A Phone recognizes that the waiting period begins to run on the date the notification is sent and, for mail notifications, the 30 days begins to run on the third day following the date the notification was mailed. Get A Phone does not solicit CPNI authority via e-mail. "Opt-out" notices are provided to customers every two years.
